

Application Information Updates

Sometimes applicants record information incorrectly in their application and need to make adjustments to it. If this is the case, students should reach out to their department, and then the department should reach out to intlgrad@iu.edu to request the update. The OIS will update the information in SIS, Atlas, and WebAdmit. Intlgrad will work with the department on any additional materials that may be needed in order to update the applicant's file.

If there is an error in one of the following pieces of information, the OIS will need a copy of the applicant's passport:

- Legal name
- Date of birth
- Country of citizenship
- Application center code (GINT/GRAD)
